

Get Back in the Game

Your membership is expired. Don't give up on our returning troops. Our sons and daughters are returning home to a tough job market and an indifferent society. The benefits you used were hard fought and hard won by AMVETS members taking the battle to Capitol Hill. Remember your GI Bill benefits, AMVETS fought for those. The GI Bill put a lot of Vietnam Era Veterans through school. The VA loan you used to buy your house was a benefit **AMVETS** fought for in the corridors of power in Washington. Those benefits were given **to you** by AMVETS members you didn't know. WWII and Korean veterans left a long legacy of service both in the military and in AMVETS. Stick with AMVETS, renew your membership so we can continue our service to veterans. These young "soldiers" need us now more than ever. It's not the time to quit!
